INTAGLIO...

Intaglio® is Colorflex's patented design and print software allowing EASY in-house design of labels and documents containing any combination of variable COLOR, variable TEXT, variable BARCODE, and with the NEW Referenced Image feature variable IMAGES/GRAPHICS.

Intaglio is a cross-industry; turn key design solution for on-demand printing capable of constructing designs containing custom TRUMATCH® colors, Grade A ANSI barcode, and creating data fields that allow direct data input or data importation from almost any type of database.
Text fields with Word Wrap capability is also a standard feature of Intaglio.

Intaglio is intuitive, easy to use, has robust functionality and outperforms software priced much higher!
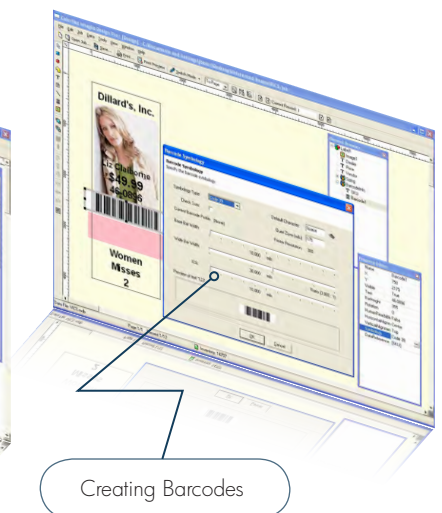

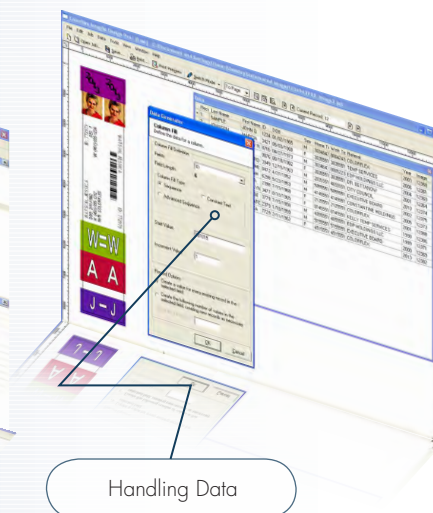

PRINTER COMPATIBILITY

Each Intaglio design is customized and optimized for inkjet and laser printer output. Used alone or producing designs for any of the suite of Colorflex demand print software;
Web-based LabelsAnywhere.com, LabelsAnywhere Desktop, Watchdog Enterprise
you will obtain unsurpassed, high quality, consistent printing results.

CROSS INDUSTRY CAPABILITY

Demand printed label and document solutions for many industries can now be created using Intaglio design software by Colorflex. Complete control of all print elements in the design process allow for very complex and sophisticated designs.

Create your own unique design or choose one from a large and ever increasing Colorflex Library of solutions for various industries.

IF YOU CAN THINK IT.. YOU CAN DESIGN IT.. AND PRINT IT!!

Matching Color

Handling Data

Creating Barcodes

KEY FEATURES

- Scalable, high-resolution barcode creation from algorithms not fonts
- Multiple color mapping on a single design
- Multiple label designs on a single sheet
- Precise custom color control
- Full range Font size adjustability
- Text field Word Wrap function
- Complex data generation (sequential numbers, constants, increments, prefixes, suffixes)

SYSTEM REQUIREMENTS

OS: Windows® NT (SP6)/2000/XP

RAM: 512MB

Free Disk Space: 5MB to install/8MB - 23MB to use

Windows® compatible printer

VGA/SVGA card with 4MB RAM

CD-ROM for installation

3.5" Floppy Disk Drive or Internet connection

ABOUT COLORFLEX LABEL STOCK

Colorflex offers an array of label sizes and formats on high-quality label stock that can be used with Intaglio. Whatever your labeling needs, Colorflex can provide the recommended label stock.

NOTE: Colorflex provides Certified Intaglio software training
