

DESIGNER CABINETS

Versatile Storage Solutions

Designer Cabinets are perfect for organizations concerned with maximizing their available space. Our cabinet design will help you utilize your existing storage space without sacrificing accessibility.

These cabinets are designed to meet letter, legal and large document size filing requirements and have the ability to store a variety of media types. All cabinets can be used as back-to-back islands, traditional wall-standing units, or mobilized for maximizing valuable floor space. Designer Cabinets are the perfect solution for your accessibility, security and space issues.

Secure Cabinet Storage

Compartments may be fitted with a key-activated ganglock that secures all compartments at once.

Better Management of Space

Designer Cabinets are designed to maximize filing capacity. Designed for the most discriminating tastes, these cabinets are the perfect solution for the storage needs in your workplace environment.

Benefits

Maximize valuable floor space

Total visibility at a glance – save valuable search time when everything is exactly where you need it

Versatile storage solutions that improves your work environment – All media stored in the same cabinet

Efficient, easy-to-reach filing

Controlled access to important files (with doors and ganglocks)

Reduced long-term cost of storage

The drawer feature is ideal for top-tab filing needs. Save valuable search time - everything is exactly where you need it.

The ganglock feature is ideal to provide security at every filing level - control access to your important files.

Ability to have top tab and side tab filing in the same cabinet - providing total visibility at a glance.

Go Mobile for Efficiency

Get more storage in less space by adapting Designer Cabinets to be used as a SIDE-TRAC unit. Cabinets are condensed in compact groups to eliminate unnecessary aisles. The front row glides from side-to-side on wheels, permitting access to the back row. The track is easily leveled on existing floor surfaces and may be extended or relocated very easily. TAB's anti-tip mechanisms fully stabilize both stationary and mobile storage units.

Features

- Select heights from two, three, four, five, six, and seven-compartment designs for all storage and retrieval needs
- Flat shelves for end-tab letter or legal file folders - perfect for data media
- 12" drawer/receding door - store top-tab and end-tab file folders, presentation folders, books
- 15" drawer/receding door - store manuals, binders, or miscellaneous media
- Drawers and roll-outs are easy to move with simple motion and equal retraction
- Durable powder coat baked enamel, textured finish for years of trouble-free satisfaction
- Available in TAB's standard and optional choice of colors
