

# Ez2™ Rotary Action File

(XLT-S6 and XLT-A6 Shown)

- Stores up to 312% more files per square foot than traditional filing systems
- Secures files to assist with HIPAA requirements
- Rotates 360° for multi-user accessibility

The Ez2™ Rotary Action File saves time, space, and money. The innovative design of the Ez2™ includes a double-sided, rotating shelf unit that houses more than twice the files in less space than a traditional filing system while providing fast and easy access to stored materials. Available in standard sizes from 3 to 8 levels high, the Ez2™ can be used for a variety of storage applications including; letter, legal, binder and multi-media.

**Dual Side Access**

The Ez2™ rotates 360° in either direction and is accessible from either side.

**Multi-Media Storage**

The Ez2™ features adjustable shelves (see above) that can be used to store letter and legal sized media, as well as binders. Pull-out drawers for Pendaflex® folders and multi-media storage are also available.

**Adjustable File Dividers**

Adjustable file dividers ensure records remain upright, neat and organized.

Universal divider can be used regardless of media stored.

**Security**

The Ez2™ provides security for stored materials. Unit can be locked in the open or closed position.

**Easy Expansion**

Both side panels of the Ez2™ are removable, making it easily expandable from either side as additional storage space is required.

**Safety Strip**

Rubber safety strips help to prevent “pinch points.”

**Leveling Capability**

Heavy-duty platform with built-in leveling capability allows for smooth operation despite non-level floors. No permanent attachment to the floor is required.

(XLT-S6 Shown)

**Quick Ship Colors:**

TEXTURED BONE WHITE T15

TEXTURED GRAY T47

NOTE: Printed samples shown above may differ slightly from actual colors. Ez2™ is also available in all Datum colors. Please contact your Datum representative for actual color samples, if required.

# Create a Custom Storage Solution

The Ez2™ is a flexible and versatile storage solution. A three high unit can serve as a convenient work surface with storage underneath for common work areas. Multiple units can be joined together to double as storage and a room divider. The Ez2™ is perfect for any office application!

(XLT-S3 and XLT-A3 with Optional Laminate Top Shown)

## Easy Access to Stored Material

### Open

When open, the Ez2™ provides easy and quick access to files.

### Revolving

The Ez2™ provides access to another complete set of files, with just an easy rotation.

### Secure

When closed, the Ez2™ locks for total security and privacy, meeting HIPAA regulations.

# Filing Methods Comparison

The Ez2™ offers up to 312%\* more files per square foot than traditional filing systems!

Ez2™ Rotary Action File

Vertical 4 Drawer

Lateral 4 Drawer

	Ez2™ (8 High Starter)		Vertical (4 Drawer)		Lateral (4 Drawer)	
	Letter	Legal	Letter	Legal	Letter	Legal
1. Multi-User Accessibility	Yes	Yes	No	No	No	No
2. Floor Space Req'd (Square Foot) Including Drawer Extension	6.3	9.8	5.9	7.2	9.0	9.0
3. Total Filing Inches Provided	384	480	100	100	133	133
4. Folder Capacity†	1920	2400	500	500	665	665
5. Files/Square Foot	305	245	85	70	74	74

\*Based on comparison of files/square foot for an Ez2™ 8 High Starter versus a 4 Drawer Lateral File

†Based on 5 folders per Lineal Filing Inch
