

# Vu-Stak® General Information & Specifications

## GENERAL INFORMATION

**Product Description:** Vu-Stak® is the new solution to all of your filing needs. All Vu-Stak® tiers are stackable and modular in design, allowing for a variety of custom filing solutions. The Slant tier positions files at a 55° angle, offering greater visibility of the file folder. This unique design actually helps in the reduction of misfiled folders. While our Straight tier is designed for maximum storage capacity with minimal floor space intrusion. Its thin shelf-design eliminates wasted space between shelves for even greater storage capacity. All Vu-Stak® tiers come standard with fixed welded dividers, keeping your folders upright and neat.

**Typical Application:** Designed to be used in conjunction with color coded side tab folders, all Vu-Stak® tiers are manufactured with fixed welded dividers making it an ideal choice for Letter, Legal, and X-Ray file jacket storage. Tiers can be configured up to 6 levels high for X-Ray tiers, and up to 8 levels for Letter and Legal document storage. All Vu-Stak® tiers are easy to assemble and can be expanded or reconfigured at any time.

## SPECIFICATIONS

**Material and Workmanship:** All Vu-Stak® tiers are manufactured of high quality 20 gauge, cold rolled steel, free of scale or rust. Exposed edges, corners, and surface areas are free of any sharp edges. Tier components are joined together using state-of-the-art welding technologies.

**Sizes and Colors:** Vu-Stak® tiers are available in a wide variety of sizes and colors to fit virtually any application and room décor. Vu-Stak® tier sizes include 24", 36" and 48" widths in either straight or slanted tier design. Vu-Stak® tiers are available in 19 standard paint colors, see color chart on page 2. Other colors are available. Please contact American Filing Solutions for more information.

**Finish:** All steel parts are thoroughly cleaned using a three-stage iron phosphate washer and then coated with an Epoxy-Hybrid powder coat finish using a state-of-the-art electrostatic paint system. Powder coating provides a superior, attractive, uniform finish that is more durable, scratch and corrosion resistant, and environmentally friendly than liquid paint.

**Compatibility:** All Vu-Stak® tiers are compatible with Jeter and VuMax tiers in color and size.

### Estimated Media Weights:

- Letter: 2 - 2-1/2 pounds per filing inch
- Legal: 2-1/2 - 3 pounds per filing inch
- X-Ray: 8 pounds per filing inch

\*Actual dimensions of individual shelves. Refer to chart below for typical dimension information.

## SLANT STYLE TIER NOTE:

Datum's Slant Style Vu-Stak® Tiers require special consideration in ordering. As indicated below, the first slanted tier in a row requires more floor space than other tiers (add-ons). When add-ons are used, tiers require only the actual opening shelf dimensions. Please refer to the dimensions below:
