

MOBILE LITE

An affordable mobile storage system that won't break the budget. Mobile Lite not only costs less, it installs in half the time compared to larger, heavy-duty systems.

MEDICAL SUPPLIES

WAIST HIGH HANDLE INCLUDES RANGE LOCK.
SECURITY HANDLE WITH KEY LOCK. (OPTIONAL)

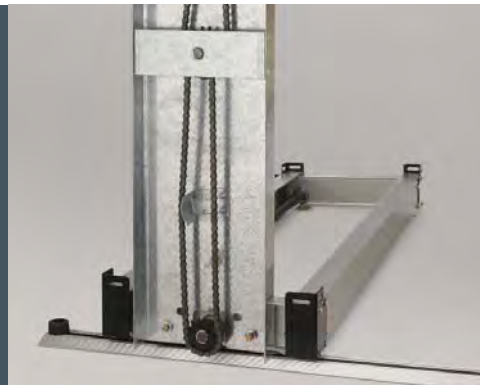

LITE ON THE POCKETBOOK

Mobile Lite systems feature a waist-high handle with range safety lock that fixes each carriage in place while users retrieve information. A continuous drive shaft ensures smooth carriage movement regardless of system length.

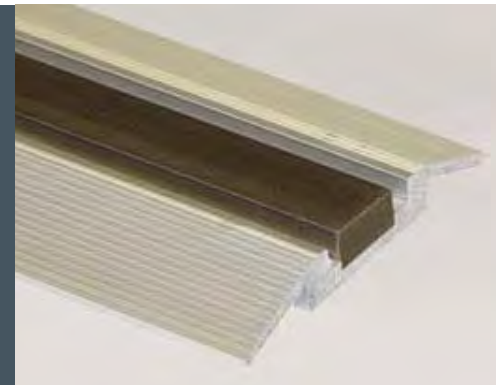

- Affordable filing or storage system for such items as boxes and supplies.
- Increases storage capacity by eliminating fixed aisles.
- Costs less per filing inch than most alternative solutions.
- In-track anti-tip safety mechanism.
- Optional reference shelf.
- Optional fabric and laminate decorative enhancements for end panels.
- Optional security handle with key lock.
- Lockable security shades available.

ALUMINUM CARRIAGES SUPPORT UP TO
1,000 LBS. PER LINEAR FOOT.

MECHANICAL END PANEL UTILIZES A
