Q-Line Industrial Shelving: Components

With *Q-Line*, create your own custom shelving system to fit your specific requirements. It's simple: Start with posts (page 3) selecting the one that best fits your height and weight requirements. Next, select a shelf (see below), again considering shelf loads, and finally add end panels, side braces, back braces, backs or doors (pages 3 and 5) for that finishing touch. It's that easy!
