Item No. V-SMTXB

SmartTraxx' Bar Code File Tracking System

Price: $9,900.00

Save time, increase operational efficiency and improve customer service by keeping track of file locations. File folder numbers can be keyboard-entered to the software and/or file folder bar codes can be scanned to identify folders that are being checked-out or checked-in. The destination of folders can be selected from a drop-down list or can be scanned from a 'legend' of all destinations printed on sheets of copy paper along with a bar code representing the destination. SmartTraxx also provides full-featured records management capabilities.

- Check-In and Check-Out with Bar Codes and/or Software
- Optional inventories of files-in-circulation and audit of all files with portable scanner
- Manage File Locations
- Manage the Status and Retention of Files
- Manage archiving to archive boxes
- Manage workflow and tasks
- Unlimited standard and custom reports

Item No. V-FAF

RFID Find-A-File File Location System

Price: $8,900.00

Find-A-File is a stand-alone portable RFID scanner that enables missing or needed files to be rapidly located utilizing a portable RFID radio wave scanner. Find-A-File finds files similar to how a metal detector finds metal objects, using frequency of beeps, color-scale and numeric index to guide Users to within a few inches of a needed file.

- Portable RFID scanner with detection range from within approximately 10'
- Scanner beeps faster or slower depending on proximity to a needed file
- Scanner also displays cold-warm-hot color scale and numeric index to guide Users to files

RFID File Tracking and Location System

Price: $25,000.00

SmartTraxx RFID is state-of-the-art and mature software for managing file locations, so that staff get the files they need, right when they need them. RFID technology enables passive file tracking, so SmartTraxx software knows the locations of files, even if staff do not check files In or Out and even as files move from person-to-person and place-to-place. SmartTraxx RFID dramatically improves operational efficiency and customer service.

- Check In and Out of many-files-at-a-time
- Passively track files at file room doorways
- Passively tracks files as files move around a facility(s)
- Tracks files as they reach desks and work areas
- Enables rapid inventory of files-in-circulation with portable scanner to maintain current file locations in SmartTraxx software
- Enables missing/needed files to be rapidly located with portable scanner
