

BI-FOLD DOOR WEAPONS RACK

Datum bi-fold door weapons cabinets are designed to securely store weapons, gear, and other tactical equipment. The bi-fold door feature means opening the cabinet takes up less space than traditional hinged doors because the doors recess into the cabinet.

CONSTRUCTION

- All standard cabinets are 42'' W x 15'' D x various heights
- Constructed of 14, 16, and 18 gauge fully welded steel
- Leveling glides included to adjust door alignment in field
- Back and side panels feature component security screw holes
- Seven locking points and hasp for customer supplied padlock
- Internal lock bars on doors to reduce interference with stored weapons
- Perforated doors and side panels allow for visual inventory without opening doors
- Cabinets can be bolted to wall studs, side to side, or on top of each other
- Compatible with Datum MobileTrak® and TrakSlider™
- Units finished in 15 standard powder coat colors

DIMENSIONS

- Width (in.): 42
- Depth (in.): 15
- Height (in.): 24, 36, 45, 50, 62, 72, or 84
